

The Toronto General Hospital, states that his patient continues to take nourishment freely, his heart action is very good. It is no longer necessary to induce sleep by narcotics, and his mind is clear most of the time and he converses with members of his family.

ADVERTISING is the thing. It will make a LARGE BUSINESS out of a small one.

Use the columns of the Times for results. Ad man on phone 368.

## FOR RESULTS Use the TIMES

### SMALL AD. RATES.

These rates cash with order, or on account of the advertiser. All insertions, three consecutive insertions at a word. When charged, it is a word for each insertion. All want advertisements received by post, accompanied by cash to insure insertion. No advertisement counted as less than one word.

1512 x 1514, 1514 x 1516, 1516 x 1518, 1518 x 1520, 1520 x 1522, 1522 x 1524, 1524 x 1526, 1526 x 1528, 1528 x 1530, 1530 x 1532, 1532 x 1534, 1534 x 1536, 1536 x 1538, 1538 x 1540, 1540 x 1542, 1542 x 1544, 1544 x 1546, 1546 x 1548, 1548 x 1550, 1550 x 1552, 1552 x 1554, 1554 x 1556, 1556 x 1558, 1558 x 1560, 1560 x 1562, 1562 x 1564, 1564 x 1566, 1566 x 1568, 1568 x 1570, 1570 x 1572, 1572 x 1574, 1574 x 1576, 1576 x 1578, 1578 x 1580, 1580 x 158

present his own credentials, and the councilor Gallagher had not done this. Consequently, the Council had but fifteen members, according to his reasoning.

The remainder refused to go on, declaring that the councilors were disqualified, and that it would have to go to the courts or the members go back places.

## WILL NOT BY BECKETT DRIVE

Unless Owners Come Down in Price to \$14,000

## INCLINE EXTENSION

Permission Will be Given When Plans are Filed.

At a special session of the Board of Control yesterday afternoon the Mayor gave a letter from the Mayor of Windsor, Ontario, representing the city to attend a deep waterway convention to be held at Windsor on Friday, and the Board, after a meeting with the city of Windsor, gave permission for the Mayor to attend the convention for the purpose of securing the deepening and widening of the St. Lawrence river, and that large boats may go through to Fort William and Lake Huron, on the completion of the project. It was decided that the Mayor and Controller Gardner represent the city at Windsor.

News were read from J. Robertson, secretary of the Canadian Fire Underwriters' Association and Mr. Galt, of the Hydro Commission, urging the immediate appointment of an electrical engineer. The Board will definitely decide on this matter.

Controller Morris reported that the Mayor for the Beckett property had agreed to sell to the city for \$14,000. The Board had said that he would consider the owners to sell of the city for \$15,000.

Mayor Allan said he was as anxious to sell to the city, but he was not willing to let the city purchase the property when he held up.

Controller Morris said that private residents who would benefit by this purchase would contribute about \$2,000 to the purchase price.

This would leave \$13,000 to be paid by the city.

It was stated that the city be authorized to offer \$15,000 for this property, on the understanding that \$2,000 be contributed to this amount by private residents.

The resolution was found to the resolution, and Controller Cooper moved that the secretary be authorized to write the owners of the Beckett property that the city could not see their way to offer more than \$14,000.

Controller Cooper moved a resolution with the effect of expediting the building of the east-end incline. The resolution provided for the extension of the incline 10 feet further north. The difficulty of the extension of Charlton avenue would be overcome by the building of a bridge over the city over the incline tracks.

Solicitor Waddell had written to say that under the present conditions he considered that George F. Webb should not all make a formal application, as this is done the matter and the plans will remain as they are at present.

Controller Morris reported that the Employment Bureau had done the work of the month.

Regulated up till noon, Jan. 27, 1810. Work tickets issued, 900.

Team, 37.

Paid out to men on quarry work and fish avenue, \$1,200.

The department had investigated 1,000 of the 1,510 registered.

Mayor Allan reported that the cost of equipment for a quarry for industrial purposes would approximately be \$44,000. Not all of this money would have to be spent on equipment this year, and the Board decided to ask the city to authorize their application to the Legislature to borrow \$15,000 for the purpose of buying a quarry and for the equipment necessary for this year.

Controller Morris desired the Board should recommend the Police Commissioner to order the return of the motor car, number 3, and Stratford, who were arrested last week for stealing coal from the railroad tracks.

Mayor Allan said that the Board of Control could not take up the position of being in any way contrary to the Police Magistrate's decision. Moreover, this is quite outside the jurisdiction of the commissioners.

The Board sanctioned the recommendation of the Works Committee that they purchase stone to be laid between the new street car tracks on Burlington street.

Thomas Ellis offered the city \$100 for their one remaining house on Ellis avenue, and his offer was accepted.

## CHARLES DICKENS

Rev. H. B. Ketchen at Chalmers' Men's Club

Delightful Paper on England's Great Novelist.

The schoolroom of Chalmers' Presbyterian Church, Mount Hamilton, was crowded to the doors last evening when Rev. H. B. Ketchen, pastor of Macab Street Presbyterian Church, on "Charles Dickens," Alex. Thomson, president of the club, occupied the chair.

Mr. A. K. St. John, the pastor's wife, opened the proceedings with a piano solo, and Mrs. Adam Inch sang two Scotch songs splendidly, and Mrs. Chambers and Miss Turner sang a duet.

Charles Dickens, Mr. Ketchen's companion, Mr. Ketchen graphically sketched the early career of Dickens, reared in poverty with all the advantages of his disadvantages. He had been born in the lap of luxury they would have missed the enjoyment of reading about and contemplating and laughing at the various characters he so faithfully, so aptly and so truthfully portrayed.

Mr. Ketchen, in eloquent language analyzed and dissected and epitomized the various Dickens' characters as he brought them in review before the audience. This was a delicious bit of word painting that took the audience by the throat. He declared that Dickens had done more by his ridicule of public abuses and private follies than almost any other agency.

The club feels grateful to Mr. Ketchen for providing them with such a delightful evening.

Mr. Thomas Webb, vice president, and Mr. Adam Inch, honorary president, in moving and seconding a vote of thanks, voiced the thanks of the audience to Mr. Ketchen. Mr. W. F. Miller in expressing a vote of thanks to those who had assisted musically also expressed his delight and pleasure at listening to the address, and Rev. Mr. Ketchen appropriately responded. Refreshments were then served by the members of the club.

"God Save the King" brought the meeting to a close. The McIntyre girls, who will visit Chalmers' Men's Club on Thursday, Feb. 3.

## MOVE TROOPS MILE A MINUTE.

London, Jan. 28.—According to the Daily Mail the army aviators have plans adapting aeroplanes for the transportation of troops, which they hope to induce the War Office to sanction. The idea is to build a fleet of aeroplanes, each of which will be able to carry a pilot and ten soldiers with full equipment. The aviators argue that one hundred such aeroplanes would enable the commander of an army to transport 1,000 men from one point of a battlefield to another at the rate of a mile a minute.

## Eye Glasses and Spectacles.

Stylish and comfortable, with properly fitted lenses. Spectacles, Kryptok B-Toric and Toric from the best makers in the world at low prices. Broken lenses replaced and frames repaired.—J. W. Gerrie, Dentist, Doctor of Optics, 32 James St.

## Spring Springs eternal, but it doesn't always prove the eternal fitness of things.

THE INSPECTOR

THE GOVERNMENT SEEMS TO HAVE A LITTLE UNREST ABOUT THE MINDS OF THE PEOPLE.

IS THAT SO?

I WONDER WHAT THE GOVERNMENT THINKS THAT MAY BE IN THE MINDS OF THE PEOPLE.

GREAT GUNS FOR HIM!

WHAT WOULD YOU THINK OF THE GOVERNMENT'S ONLY SHOT?

HELP! HELP!

WILL SOMEbody PLEASE TELL ME WHAT THE GOVERNMENT IS DOING TO DO?

## GREATEST TOPIC ABLY HANDLED

It is time to Become Panama Wise.

The first thought which comes to the mind of the average person when the question of Panama comes up is: "It's the place Panama hats come from and the country through which a great canal has been constructed."

Both are true, but one cannot blush to admit that this is the extent of his Panama knowledge. The eyes of the entire world are on Panama. Engineering genius has been at work there the greatest wonder of all time. Thousands are visiting Panama to personally look upon the colossal engineering achievement which has made it famous. The millions not so favored should take every opportunity to learn about Panama, its people, and the history of the canal which links the Atlantic and Pacific.

The Times comes to your rescue. It is distributing, for a limited time, the only complete illustrated story of everything worth knowing about a great canal, and the beautiful country through which it has been cut at fabulous cost. It would be foolhardy for anyone to ignore this great masterpiece when this wonderful and complete book can be had on terms representing less than the cost of printing and binding.

"Panama and the Canal in Pictures and Prose" is the only complete history of the Panama Republic, and its interesting people—the only valuable treatise on the great canal, its history and construction. There are over 400 pages and 144 photographs. It is regularly priced at \$4, but can be had on practically a complete gift basis. The instructions contained in the Panama Certificate printed daily in another column.

## WILL EASE YOUR THROBBING HEAD-- AND STOP DROPPINGS IN THE THROAT

To Cure Sniffles and Clear Stuffed Nostrils Nothing Equals "Caterhoxone."

You can get a cold mighty quick—entirely completely—by Catarrhoxone. Any sort of Catarrh, whether in nose, throat or bronchial tubes, can be driven forever out of the system by simply breathing in the healing vapor of Catarrhoxone.

It's in the nostrils and the passages that Catarrhoxone works. The germ killing power of Catarrhoxone means instant relief to those who have a cold, a hacking cough or a started influenza. A healing process is started through the nose membranes, thereby effecting a complete cure.

Free Samples mailed on enquiry. Address: "GALADIA," Toronto.

## "A TRUMPH" IN TEA QUALITY

PURE, CLEANLY PREPARED AND DELICIOUS.

BLACK, MIXED OR NATURAL GREEN.

Free Samples mailed on enquiry. Address: "GALADIA," Toronto.

## The Confessions of a Wife

The Double Standard

CHAPTER LXIII.

Dick hardly said a word as he was escorted by Dick since we were married.

"The truth of it, matter is, Bill," that I have been so busy helping my wife to get a place to live and arranging matters with my company that I have thought of nothing else."

"Going to stay with the book concern?"

"Yes, I found I could get a nice little chunk of cash reasonable the other day and made the investment."

"I smiled to myself as though how Dick came to buy that stock that he was so 'cocky' over, and then I remembered that he couldn't very well tell every acquaintance."

"The dinner was served and Mollie tried the artichoke and was much disappointed, as I could see, but she ate it anyway and gave no sign."

"Have you seen Miss Alarum lately?" I asked when there was a lull in the conversation.

"Dick looked at me as though I had done something awful, but he said it purposely."

"I determined that if Bill Tenney was worthy to sit at our (last) Kitty Malmström table at least be present as a topic of conversation."

"I think Miss Malmström is out of town," said Tenney, and he looked at me rather queerly, but there was a flicker of admiration in his eyes which before this had rested on me with a little animosity."

"If you had known I advised Kitty to throw him over."

"(To be continued tomorrow)

NOTABLES IN DANGER.

New Orleans, La., Jan. 27.—The steam yacht, Warrior, with Mr. and Mrs. F. W. Vanderbilt, the Duke and Duchess of Manchester, and Lord Palmerston, of England, aboard, was reported around off the coast of Colombia by a United Fruit Company wireless received here this afternoon.

The message stated that the Warrior went on the rocks at Cape Aguas, near Savannah, that she was in a dangerous position, and that the United Fruit steamer, Trutera, was hurrying to the scene to take off the passengers and crew. The Warrior was bound for Colon.

PROMINENT NEWFOUNDLANDERS DEAD.

St. John's, Nfld., Jan. 27.—Newfoundland lost its only two Newfoundlanders of the Imperial Order of St. Michael and St. George today by the death of James Pitts, a prominent financier, and Judge Woodley Prowse.

Pitts was a legislative councillor, former cabinet minister, and one of the wealthiest men in the colony.

Prowse retired some time ago as judge of the District Court on account of old age.

Many a man can punctured his vanity by sitting on another man's point of view.

LITTLE DISCUSSIONS OF LOVE AND MARRIAGE

BY BARBARA BOWD

The Circuitous Course of Love.

"The more I study marriage," mused the Bachelor Girl, "the more does it seem the strangest, queerest proposition ever put up to the human race."

"The law to get the truest knowledge of marriage," observed the Bachelor, "is from experience. When you stand off and observe it, you may draw wrong conclusions."

"I have a friend who visits a hospital," went on the Bachelor Girl, "refusing to see the point of the Bachelor's remarks. He takes fidgets and reads to the convalescents and does things like that, and the other day she was telling me of one she became interested in. The man, it seems, had been nearly blinded by his wife's throwing a handful of grease at him. I do not know if people get married for the sake of throwing hot grease at each other, but, at any rate, such were the little courtesies of home life this couple indulged in."

"You shouldn't judge marriage by people like that," remonstrated the Bachelor.

"Some people may not throw hot grease, but they throw words that burn and war quite as much. However, it was the result of the grease-throwing episode I was thinking about. The husband, it seems, had a frightful temper."

"From what you have told me, I should judge it was the wife who had the temper."

"No, he blamed himself entirely. The morning the little affair happened, he got up in a bad humor, and because breakfast wasn't ready he began to belate his wife—not exactly homely language, you understand. Whether he did it once too often, and this was the time when the star broke the camel's back, or whether she really has a temper to match his, I don't know. But at any rate, she responded with the frying pan of hot grease. Of course, it was terrible. It nearly blinded him, and he has a frightful scar from it, and his sufferings were intense. But what do you think he said?"

"I am afraid I am not in possession of phrase to match his."

"No, it wasn't at all what you think," laughed the Bachelor Girl. "I don't mean right at the moment, for he was speechless from the suffering—he was in the hospital four months, so you may judge somewhat of his state. But he said his wife had done more for him than his mother ever had, for his mother had never done a thing to break him of his temper; and that this one act of his wife, though it had made him almost lose his sight, had opened his eyes to the ludicrousness of temper, and how it degraded him, family life at any rate."

"From what you have told me, I should judge it was the wife who had the temper."

"No, he blamed himself entirely. The morning the little affair happened, he got up in a bad humor, and because breakfast wasn't ready he began to belate his wife—not exactly homely language, you understand. # Centennials Meet—H. C. To-night—Feds. Secure More Players—Levinsky Won Another

## Third Game Will be Played To-night

### Centennials and Hockey Club to Meet for Third Time—Good Crowd Expected.

The third battle between the Centennials and the Hamilton Hockey Club will be staged at the Albert Arena to-night, and judging from reports the struggle will be for too large to get into the rink. Every one is on edge, waiting for this game, and with the backers of each team plunging their bets on the outcome, the excitement is sure to be high. The Centennials are counting on their team to win by a large margin, and are looking upon Code, Palmer and Laugman to play the best game of their career. The three players are in the pink of condition, and should put up a good game to-night. Taylor and McLean of the Hockey Club, have been working good in practice and seem to be in the best condition ever, and Cox played a regular game, neither team should score a great number of goals.

After playing two games, the hockey fans of Hamilton have a fair-sized idea as to the way the clubs will play. The general opinion of all that the team with the most luck will be the winners in this series. In Friday night's game against the Oshawa team the Centennials scored fourteen goals, but they were not able to make a defense to pass as they were when playing against the Hamilton Hockey Club, and tonight the fans who have never seen the two teams play will see the four best players in the intermediate company in Oshawa, Palmer, Rease and Taylor.

In order to finish up the schedule for February, the final game of the series will be played on Monday night next. The O. H. A. has issued orders to have all groups finished in January, and when the new schedule was drawn up, one game went into February, but this has been remedied, and the game will be played on Monday.

The game to-night will be handled by Percy Wetherill, who is in the city at the present time attending a convention. Percy is well known to the hockey enthusiasts, and his presence for tomorrow night's game is looked upon very favorably by both teams.

Toronto, Jan. 28.—T. R. and A. A. teams of the H. C. A. are in the city, and Brown, and still class among the best of the Argonauts last night in the game, which margin they won by seven goals. The H. C. A. has issued orders to have all groups finished in January, and when the new schedule was drawn up, one game went into February, but this has been remedied, and the game will be played on Monday.

The game to-night will be handled by Percy Wetherill, who is in the city at the present time attending a convention. Percy is well known to the hockey enthusiasts, and his presence for tomorrow night's game is looked upon very favorably by both teams.

## Down Accused of Offering to Jump

### Secretary McCullough of Feds. Shows Letter of Dooin's, Asking for \$7,000 a Year.

Pittsburg, Pa., Jan. 28.—Stung to the quick by the continued attacks of Charles ("Red") Dooin, manager of the Philadelphia Nationals, on the Federal League, Secretary W. T. McCullough of the local Fed. team, roasted Dooin to a turn.

In commenting on Dooin's latest attack, which was in Toronto yesterday, where the ball player expressed his opinion on the stage, Mr. McCullough said:

"My experience with Dooin dates from November, 1911. At that time he was appearing at a theatre in this city. I was leaving the theatre on the evening of November, 1911, after I had learned of the plans for the launching of the Federal League in 1912. I sent a short letter to Dooin at the theatre where he was appearing. His answer was as follows:

"Pittsburg, Pa., Nov. 12, 1911. "Dear Sir:—Since talking to you at your office over the proposition of joining your club in the Federal League, I have given the subject lots of thought and will make the following offer: I will bring three to five men, namely, Knabe, Brennan, Killam and Rizer with me. The last is a young fellow, and is only getting \$300 a month from the Philadelphia Athletics, and he would not have gotten that if he had not joined the Athletics. I will live up to the contract made for three years at \$7,000 per year, and will guarantee you one million dollars in the new Federal League, as I am in touch with players here and know the value of the man who has grievances. My act is getting a little bit here, but I am getting it by with it, and that is the fact."

"Kindly keep this as strict confidence, for he has been with you as 'Signed' Charles Dooin."

"(Signed) Charles Dooin."

"Dooin, when he advises other players to join the Federal League, forsook the Philadelphia Athletics, and with us," concluded McCullough.

Detroit, Jan. 28.—The Detroit American League Baseball Club yesterday received a letter from T. Cobb, which stated that he would like to join the club for three years at \$7,000 per year, and will guarantee you one million dollars in the new Federal League, as I am in touch with players here and know the value of the man who has grievances. My act is getting a little bit here, but I am getting it by with it, and that is the fact."

"Kindly keep this as strict confidence, for he has been with you as 'Signed' Charles Dooin."

## Still another world's record has been made by the RUSSELL KNIGHT engine.

### At 4 p.m. Monday, it had been running 24 hours at a sustained speed of 1600 revolutions per minute. Never before, in the history of motoring, has any engine maintained such speed for this length of time

28 hours of the test have now been completed. Twelve days and nights has the engine undergone a test that daily increases in severity. To date, it has accomplished the equivalent of 10,000 road miles, under full power; its speed at this time being equal to 50 miles per hour UP grade. The present power output of this engine is 56 h.p.—100% over its normal rating—a world's record for an engine of its size.

## With the Trundlers

### Regal Labels and Arcades Were the Winning Teams Last Night—The Scores.

The Arcades won two of the three games from Morden's Fictives in the league games at the Brunswick last night. The Fictives rolled against the Arcades a decided slump string and gathered in one point, although outrolled over two hundred pins in the night.

The Regal Labels won three easy games from the Waldorfs Brasses, as the latter team were minus several of their regular members.

Gene Whitley, with 542, was twenty pins ahead of Jack Thibault in the individual honor roll, while Bert Robinson was the only other bowler to jump the 500 mark.

The scores:

Arcades, won two—

J. Whitley ..... 118 216 148 142  
W. Beane ..... 106 124 102 108  
E. Hutchins ..... 112 104 102 108  
H. Packer ..... 102 102 102 102  
C. McGowan ..... 78 101 87 82

600 803 726 2438

Morden's Fictives, won one—

H. Mellon ..... 145 110 144 140  
B. Ryan ..... 118 116 117 117  
E. H. Ryan ..... 118 116 117 117  
M. Russell ..... 140 137 144 141  
S. Mellon ..... 110 110 114 104

601 748 780 2219

Regal Labels, won three—

R. Laidman ..... 136 102 138 147  
C. Weston ..... 136 126 128 128  
H. Packer ..... 136 108 146 142  
H. Packer ..... 136 108 146 142  
W. McAdams ..... 137 147 127 121

Friday night match games, when it is expected that two teams each will be lined up and will present a good game, great discussion at the Brunswick Academy.

Paul Smith, who is leading in the individual average list is captain of the number one old timers' team, and with Nelson, Parks, Long, Melly, Geo. Thompson, Gray, Anderson, Johnston, Barnum, etc., to draw from will no doubt produce game next time they appear.

Conway and Viehaus announce that they have all members of the opposing team lined up and will present a good game, great discussion at the Brunswick Academy.

## New York Boxer Still Piling Up the Wins.

New York, Jan. 28.—In the first of two international bouts at Madison Square Garden last night, Johnny Dundee severely trounced "Sapper" O'Neil, of England. The local fighter conceded ten points to the visiting pugilist, and was out of the ring for the remainder of the fight.

In the second bout, Owen Moran, of England, was defeated by "Young" Shugart, of Jersey City, quit at the end of the seventh round.

In that round Shugart landed a terrific right and left to the head and then made the body his target. Moran was hit on the head and this was the last of the fight, and he was knocked out.

New York, Jan. 28.—Bettling Levinsky, light heavyweight, had the better of Soldier Kearns, of Brooklyn, throughout their ten-round bout here last night.

Chicago, Jan. 28.—Abe Attell, former featherweight champion, today received a message from San Francisco saying he would be in the city for the next few days, and that he would be in the city for the next few days.

New York, Jan. 28.—The Baseball Players' Fraternity withdrew its offer to accept the offer of the National League to join the league.

## Controller Cooper Looking Into a Complaint

### INSPECTING SYSTEM

#### New Pumping Station at Beach Ready.

Controller Cooper is making an investigation into the talk about public drains costing five times as much as they should, etc. He could find out nothing about such cases today. Engineer Macmillan and Harry Brennan today reported that apparently the instance referred to was back in 1912. Then, A. W. Robertson, the bookkeeper of the Works Department, was called and during the interview got mixed up in their return. Brennan today said: "It is just a mix-up of figures. We will be glad if you will help us in the matter. Gully drains are now at \$45 each; now we have them cut to \$25 or \$30."

An inspection today is being made of the waterworks system at the Beach by Mayor Allan Cooper, Engineer Macmillan, Assistant Engineer Hollingshead and Harry Brennan. The new pumping station in practically completed, waiting only for the electric transformer. The Hydro department borrowed over a year ago and failed to return, as promised, Engineer Macmillan announced that if he did not have the additional electric equipment by the first of March the new pumps would not be of much use this summer. An effort will be made to induce Engineer Sifton to return the machinery.

The Harbor Commissioners are hopeful that the Board of Trade delegation which waited on the Board of Control yesterday will bring forth good results. They expressed the wish that the city would grant \$5,000 to the Commissioners, and in their turn would undertake to do away with all harbor dues this year. The Harbor Commissioners have drawn up and intend to bring into force when navigation opens, at an early date, and next year will have forth its own solution of the harbor difficulties.

The townsmen are not going to ask for more money from the city this year, according to John French, at the City Hall today. Last year they asked for \$1 a day more, but are said to be satisfied in view of the large amount of money to be spent by the city in charity this year.

Mayor Allan believes that he will take at least \$100,000 to improve the capital buildings on the waterfront, although only \$125,000 was voted by the people. At the next meeting of the Board of Governance the whole situation will be gone into.

The automobile of the controllers three days is in active use by the controller and his three assistants. "You know what a car is worth, go on just now," said the Mayor. The department is visiting between 30 and 40 people a day.

## HAD \$20 A WEEK

### And Applied for Assistance From Committee

Score of cases daily are being investigated by the Citizens' Relief Committee at the City Hall, and many instances are being found where applicants for support are not getting the case taken to the attention of the committee to-day where a family of seven (including assistance) would get an income of over \$20, but claimed that they could not get along on that. Need to go to work, as well as the committee gave out the following statement to-day: "We are gratified and somewhat surprised to find the large number of needy being aided by private charity. We are surprised to find that a good many men out of work are being aided by the committee for the relief of our city. But for these there are hundreds of men, women and children who would be cold and hungry today. A great many are applying for relief who would rather work than accept charity, but we cannot do so, although, on the other hand, we come across cases where men are in poor positions and fail to turn up after promising to do so. This applies more particularly to domestic help, who make engagements and keep people waiting only to turn them down to suit their own convenience. These are not cases of charity."

## EWING'S OUTING

### Mother's Bread Salesmen at Stoney Creek.

The third annual supper of the A. M. Ewing bread manufacturer, was held at the Travellers' Rest hotel, Stoney Creek, on Monday evening. A large number of people were present, and the supper was served at 9:30 and the chair was taken by Mr. Ewing. The evening was a very good one, and the salesmen were very successful in their efforts to sell the bread. The salesmen were very successful in their efforts to sell the bread.
